MEMORANDUM FOR: Deputy Director for National Foreign Assessment  
FROM: Director of Central Intelligence  
SUBJECT: Soviet Attitude Toward Iran

25X1 I think John Waller's paper on the Soviet attitude toward Iran  
[redacted] is very useful and I'm considering sending it to the  
President in the next few days. May I have your views on whether  
NFAC concurs in it, and/or would like to write a companion paper,  
and/or would like to make modifications to John's paper. [redacted]
